DEVELOP

FORTUNE FOODS DEDICATES IN DISTRIBUTING PRODUCING AND DEVELOPING FRESH AND NUTRITIOUS AGRICULTURAL PRODUCTS FOR PEOPLE

- Fortune Foods is a professional integrated company specializing in the processing and export of specialty agricultural products. Over 30 years of dedicated effort, we have constantly figuring out the needs of customers and practicing corporate commitments so as to establish a comprehensive product supply network. We have invested in and operated two standardized food processing factories and coldstores in Hebei and Yunnan Province, established three offices in Northeast, Southwest, and East China, maintaining close partnerships with over a hundred domestic suppliers. Additionally, we've developed standardized cultivation bases and advanced technology-driven factories.
- From farm management to production, from quality inspection to logistics, Fortune Foods constantly optimizes every detail, creating a professional and responsible, and highly efficient workforce. With the mission of "Connecting global ingredients, savoring a better life", we are dedicated to being the preferred global provider for one-stop solution of quality food ingredients.
- Our main product categories include frozen foods such as fruits, vegetables, edible fungi, herbs, and brined foods, as well as dried foods. These products are exported to European Union countries, Australia, New Zealand, the United States, South Africa, Japan, and other nations, with an annual export value exceeding \$30 million and a volume of over 20,000 tons. We operate a frozen warehouse in the Netherlands, providing convenient services to surrounding markets.
- Based on superior quality, Fortune Foods adheres to strict HACCP standards maintaining a comprehensive traceability system to ensure consistency in product quality and traceability of our products. We have obtained international certifications such as BRC, EU Organic, USDA Organic, and Customs Advanced Certification (AEO).
- Empowered by our professionalism and enthusiasm, Fortune Foods is confident to be your best one-stop partner for good ingredients. We aim to build a global supply chain for premium food ingredients and share the flavors of the world.

EVERY DICE IS UNDER OUR CONTROL

- We implement the most stringent HACCP standards in all the products.
- Our Quality Assurance Specialists at the headquarter office guarantee your requirements are precisely delivered and executed all the time.
- Over 30 professional Onsite Quality Inspectors scrutinize product quality and safety, making sure all the products exceed the standard of excellence.
- Every fraction of ingredients we use is from approved and certified suppliers.
- Regular third-party and internal audits are conducted by our corporate food safety teams, and various trusted certification bodies, such as Eurofins, Sino-analytical, SGS.
